3  2  1 

TRENDY CONTEMPORARY DESIGNED NEW HOME WITH 2 LIVING AREAS.

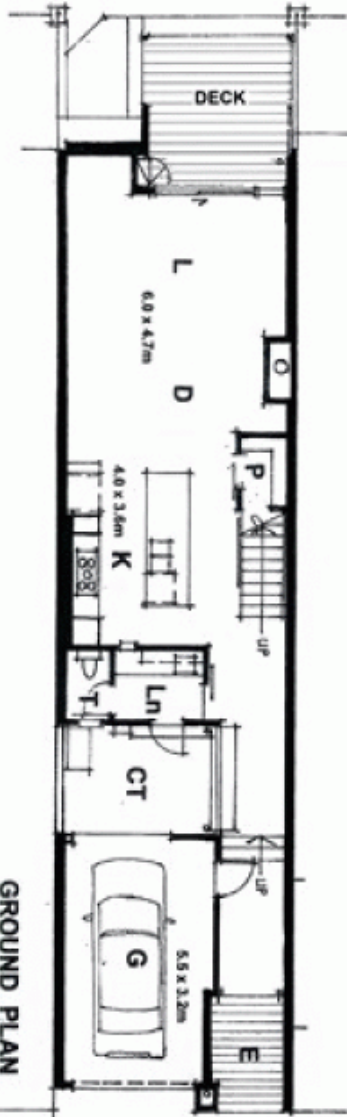

Almost completed. Architecturally designed for the owner. Due to unfortunate circumstances it must be sold. This is a unique opportunity to purchase a stunning home under market price.

This house has a stylish modern look to the front and from the back boasts wonderful tranquil views over the adjacent reserve and to the water. A great entertainer.

The lower level features an extra wide lock up garage with an extra high garage door (initially designed to fit the owners' motor home). From the stylish entrance hall you walk past the internal courtyard, giving you a great feeling of space and extra natural light.
