The wonderful tree lined street that this home is positioned in is one of the features of the home and the outlook from the upper level of the residence over the tree lined street is stunning.

The home includes an entrance area that leads to a separate living room. This excellent room has a stunning outlook to the gardens of the front of the home and is a good size room to entertain on a grand scale.

Adjacent to the entrance area is also an area that could be used as a more formal dining room.
