This totally RENOVATED HOME UNIT is more like a small home with very generous land to the side of the home and a generous allotment of land at the rear.

The property includes open plan living and dining areas of generous proportions and this is adjacent to a well-appointed newly upgraded kitchen with quality fixtures and fittings and ample cupboard and bench space.

The centrally located bathroom has been completely renovated to a high standard with floor to ceiling tiles, a new bath, basin, shower alcove and WC.
