This well maintained home has been lived in by the current owners for 54 years. It is a home that they have enjoyed bringing their family up in, but they are now moving into a retirement centre. The home is on the market to be sold and will be quickly sought after by many buyers as it is a very well maintained, solid brick home offering excellent accommodation in a very good location.

The home itself has an entrance that leads to the formal sitting room of the residence. This room further leads through to the kitchen and dining area, and to the 3 good sized bedrooms in the main part of the home. The well maintained bathroom facility is centrally located.
