This is a very rare opportunity for buyers requiring a very large home built to an extremely high standard. You need to inspect this home to appreciate the quality and attention to detail.

The panoramic views are simply breath taking. Thanks to the clever custom design, you have the views from both levels of the home. Over the green reserve to the city, across to the sea.

Fantastic and convenient location with Magill road and The Parade close by. Excellent schools & colleges are all a short drive away. Surrounded by lovely hills and parklands but only 15 minutes to the CBD.
