IN GLENUNGA INTERNATIONAL HIGH SCHOOL ZONE.

DON'T MISS THIS ONE adjacent to one of the best children's parks you can get. Great to live in or invest in, it's up to you.

This single level home unit has a front and a rear yard; both yards are of generous proportions. The courtyard garden to the front is excellent for outdoor living and the rear yard is a great lawn area for children to play.

The home unit also includes an entrance that leads to a good sized living and adjacent to the kitchen and dining area. These two rooms are both a good size and offer excellent accommodation for lifestyle living in 2018.
